Granada: Spanish & Local Life

A two-week Spanish language and cultural immersion programme for travellers aged 50 and over

GRANADA, SPAIN

4–17 APRIL 2027

Welcome to your placeta

In Granada, a 'placeta' is a hidden square where neighbours meet to share stories, time and life. Welcome to your placeta.

This is not just a Spanish course. It is a two-week programme built around one simple idea: language is the gateway, connection is the point. You will learn practical, everyday Spanish in the mornings, and spend your afternoons living Granada alongside the people who call it home.

What makes it different

Most language programmes teach you Spanish in a classroom and leave the rest of the day to sightseeing on your own. Ours is built differently. It includes regular, relaxed meetings with local Granada residents of your own age, at your own pace.

The Spanish you learn in the morning gets used, for real, that same day.
